

The Client:

CPS Human Resource Services—A self-supporting governmental agency offering HR products and services throughout the U.S. and Canada

The Challenge

Recruit, qualify and hire a workforce for the Transportation Security Administration (TSA)

The CHS Response

From January 2003 – December 2004:

- 59,000+ Physical Assessment Tests
- 54,000+ Medical Evaluations
- 53,000+ Drug Screenings

The CHS Difference

CHS' depth of resources enabled fast turnaround on quality exams, supporting CPS Human Resources in its mission to deliver excellent service to its TSA client.

The Challenge:

In December 2002, CPS was awarded a contract by the Transportation Security Administration (TSA) to help recruit, qualify and hire its federal security screener workforce. Comprehensive Health Services (CHS) was awarded a contract from CPS to perform medical exams and screening.

The CHS Response:

More than 59,000 pre-placement exams were conducted at 580 mobile sites nationwide between January 2003 and December 2004. CHS demonstrated its flexibility and responsiveness to its customer's needs by providing the personnel, medical equipment and supplies to successfully complete assessments across the U.S. and its territories. CHS successfully delivered:

- 59,000+ Physical Assessment Tests
- 54,000+ Medical Evaluations
- 53,000+ Drug Screenings

The CHS Difference

CHS was able to rapidly hire and train over 2,100 medical professionals to facilitate these exams across 580 sites, the longest of which was open for 61 days. During 2003 and 2004, over 14,000 people were asked to provide follow-up information from their personal physicians, which CHS then reviewed. CHS' ability to marshal such a large-scale effort on a national basis supported CPS Human Resources in its mission to deliver excellent service to its TSA client.

About CHS

Founded in 1975, Comprehensive Health Services, Inc. (CHS) is a leader in the management of nationwide workforce health programs.
